# Centris

A clean, simple shape that's incredibly affordable and versatile. Centris offers designers a wide selection of distributions, lamping and aesthetic options—all available on our 10-day QuickShip program.

Suspended

## Distributions for any space

Designed to address an array of lighting applications, Centris offers suspended and wall mounted lighting systems with a full-range of distributions (direct/indirect, semi-indirect and indirect).

## 1, 2, 3, 4

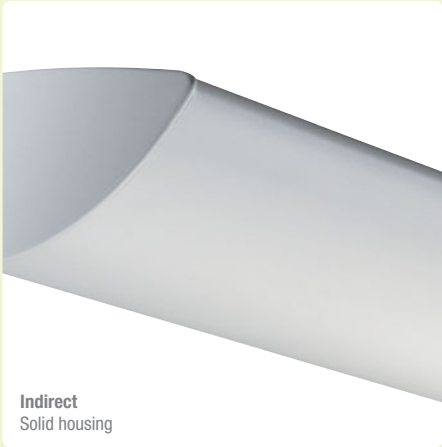

Solve virtually any lighting challenge using a diverse set of lumen packages including up to four T8 or T5HO lamps.

## Wardrobe options

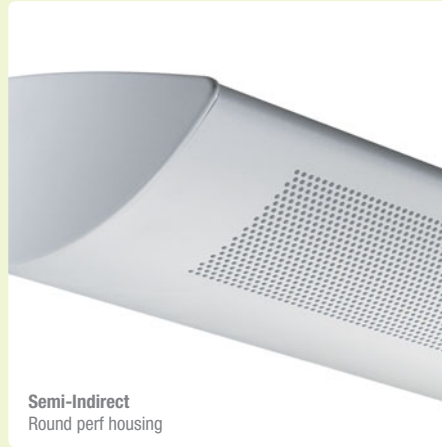

Select from two distinct perforation aesthetics: round perf housing complements the fixture's curved form while the slot perf pattern adds a sleek, contemporary look. Add sculptured endcaps to complete linear runs with tapered elegance.

## Price, delivery AND quality

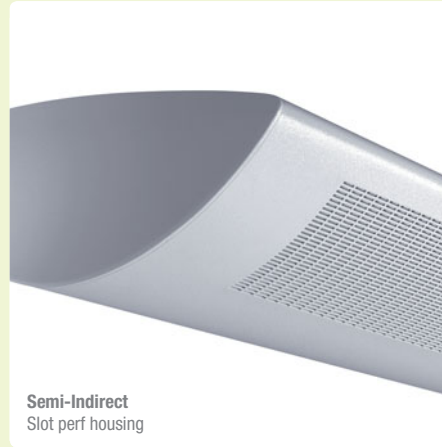

How? Philips Ledalite's state-of-the-art, fully-automated production line ensures Centris products have a consistent fit and finish and clean hairline joints. It also delivers them at a price and turnaround time that's tough for our competitors to beat.
