## JUMP SUSPENDED LED

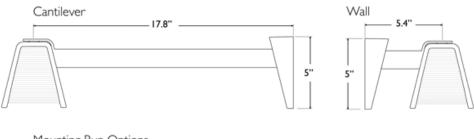

#### DIRECT, RIBBED MESOOPTICS LENS - SOLIDSIDE

#### **Options and Details**

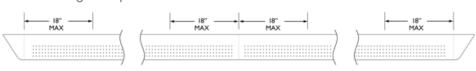

#### Housing

20 gauge cold-rolled steel precision formed and welded with optional perforated patterns.

#### Weight

Maximum 3.5lb/ft.

#### **Optical System**

White light emitted from the LED sources passes through a biconvex lens where it is internally reflected and laterally refocused. Light is then redirected by Miro Silver reflectors and exits through the optical lens assembly. The optical lens assembly consists of an acrylic extrusion with a ribbed profile holding a layer of MesoOptics film. MesoOptics homogenizes the light and color to ensure consistency while controlling high angle glare and creating an optical batwing distribution.

#### **Standard Driver**

Dimming: 0-10V, 5-100%. Output is Class 2 rated.

#### Lumen Maintenance

At an ambient temperature of 25°C, the LED lumen maintenance expectation is  $L_{80}$  (12k) >60,000 hrs.

#### Mounting

Variable position mounts are supplied for each joint and end. The mounts can be installed up to 18" from joints and end locations. Tamper-resistant aircraft cable grippers provide infinite vertical adjustment capability. Aircraft cable, crimp and cable gripper are independently tested to meet stringent safety requirements.

#### Joints

Self-aligning joining system with hands-free pre-joining wire access.

#### Endcaps

Endcaps are diecast aluminum, available in luminous sculpted (standard) or flat (optional).

#### **Electrical**

Factory pre-wired to section ends with quick-wire connectors.

#### **Approvals**

Certified to UL, CSA and IES standards.

#### Finish

High quality powder coated, available in matte white, black or titanium silver. Other factory and custom colors available on request.

#### **Environment**

Rated for dry or damp locations in operating ambient temperatures 0-40°C (32-104°F). Certain luminaire components may be adversely affected by contaminants. Damage caused by sulfur, chlorine, petroleum based solutions or other contaminants are not covered under warranty.

Due to continuing product improvements, Philips Ledalite reserves the right to change the specifications without notice.
